SPECTRUM Youth Group opened its doors for the first time on Monday 16th March at Manor Farm Youth Centre in Tadcaster. We have had a fantastic initial positive response from Members and Parents involved with our aim being well and truly achieved. Activities enjoyed were table tennis, pool, table football, arts & crafts, nail painting and Playstation. We aim to give young people aged 14-25 a more supportive and inclusive social environment.

SPECTRUM volunteer founders recognised that there is a small army of young people with learning disabilities, Autism or perhaps a physical challenge, who spend countless evenings isolated in their room, without access to a safe social setting.

SPECTRUM aims to help fill that gap in social opportunities for young adults with additional needs.

We hold our meetings on Monday Evenings during term times, with various out of Centre activities arranged in the school holidays.

We are self-funded and all donations received are invested in our members' activities with them having a decisive role in how the money is spent.
